Keylocker

KL1 KEYLOCKER

Complete your Drone system by adding key management to any vehicle for simple car-sharing and secure key storage. KeyLocker works with all key types and 99% of vehicles. Primary controls through the DroneMobile app. Includes a Kp1 Keyless Entry Touchpad. Powered by AT&T/Verizon LTE for industry-leading coverage and reliability.

WHAT IS KEYLOCKER?

Keylocker adds Key Management to any vehicle. Keylocker's security sensors keep your keys safe so you'll never misplace them again. Use DroneMobile to arm and disarm Keylocker. No more clunky keys. Lock/Unlock your car from anywhere through the DroneMobile app. Share Access Codes with Guest Drivers. Generate guest PINS in the app to simplify car-sharing for businesses and families.
